CLOCKS & METEOROLOGY

CL175C CHROMED BRASS NAUTICAL CLINOMETER

OVERVIEW

The INDIC 175 is a mid and large-range size of instruments suitable for leisure craft and small commercial vessels. The range comprises of four instruments; clock, barometer, clinometer and comfortmeter (combination of thermometer and hygrometer).

The brass binnacles have been "Flash" Chromed using an advanced brass plating technology that makes our instrument binnacles maintenance free. They are highly resistant to salt spray and will not rust or darken in marine environments, so the appearance of the brass will always remain the same, even if it is exposed to the marine environment for a long time.

**Mounting Ring**
